

Student Led Peer Mediation

Dear _____,

First, I want to thank you for your interest and the time and energy you spent applying to be a peer mediator for your school's student-led peer mediation program. Because of our rigorous qualifications for the program, we could not accept a large number of capable students that applied. Unfortunately, at this time, you were not selected to serve as a peer mediator for the school this year.

We strongly believe that you have many strengths and characteristics that would benefit our program, but only a certain number of students can be selected. We appreciate your interest in our program. We encourage you to apply again next year.

Sincerely,
Conflict Resolution Center St. Louis
